Mobile phone appeal

A TWO week appeal has been launched by Superquinn, urging consumers to recycle their old mobile phones in aid of Barretstown, the retailer's charity of choice. For every phone recycled at least euro 3 is donated to Barretstown by Kavanagh Environmental, the company which recovers and recycles the phones. Barretstown aims to recycle 100,000 phones raising at least 300,000 euro and Superquinn customers in Limerick are urged to help them reach their goal.
