

Trocaire in call for mobile phones

TROCAIRE, the overseas development charity, has launched an initiative in Co. Tyrone to recycle old or faulty mobile phones. The 'Fundraising through Recycling' campaign is being implemented in conjunction with Kavanagh Environmental and will see a 'Trocaire Mobile Phone Appeal' bag being sent to every household in the coun-

ty in coming days.

For every phone donated, a minimum of £2.40 will be donated Trocaire and will be used to fund work in developing countries. However depending on the condition and original value of your phone as much as £16 to £24 per phone could go to Trocaire's work. In addition, all costs of the project will be cov-

ered by Kavanagh Environmental.

To get involved, simply place your unwanted phone in the bag provided and put it in the post for free.
